Finding a Marine Service and Navigating to It

To find a marine service from your current location:
1. From the Home screen, select **Where To?**.
2. Select the marine service category to which you want to navigate. The chartplotter shows the list of the 50 nearest locations and the distance and bearing to each.
3. Select the marine service item to which you want to navigate. A screen containing information about the selected marine service appears.
4. Select **Navigate To** > **Go To**. (Or, select **Guide To** when using a preprogrammed BlueChart g2 Vision card to use Auto Guidance.)
5. Follow the colored line on the screen to the destination.

quick reference guide

Turning the Chartplotter On and Off

To turn the chartplotter on:
1. Press and release the ⏻ **POWER** key.
2. When the warning screen appears, press **SELECT**.

To turn the chartplotter off:

Press and hold the ⏻ **POWER** key.

If one chartplotter is connected, it shuts down. If multiple chartplotters are connected, a prompt asks if you want to turn off the entire system. Select **Yes** to turn off the entire network, or select **No** to put the chartplotter in sleep mode.

Adjusting the Backlight and Color Mode

To adjust the backlight level:
1. While the chartplotter is on, press and release the ⏻ **POWER** key.
2. Select **Backlight**.

To allow the chartplotter to automatically adjust the backlight based on ambient light, select **Auto**.

To manually adjust the backlight, either select Up or Down, or use the ROCKER.

To adjust the color mode:
1. Press and release the ⏻ **POWER** key.
2. Select **Color Mode**.
3. Select **Day Colors**, **Night Colors**, or **Auto**.

Using the Man Overboard Feature

To mark a Man Overboard location:
1. From any screen, press **MARK**.
2. Select **Man Overboard**.
3. Follow the colored line on the screen to the spot where the Man Overboard (MOB) feature was activated.

To delete a Man Overboard location:
1. From the Home screen, select **Information** > **User Data** > **Waypoints**.
2. Select the Man Overboard location you want to delete.
3. Select **Delete**.

Man Overboard

Using Combination Screens

To access and change screen combinations:
1. From the Home screen, select **Combinations > Unused Combo** (if one is available).

   OR

   While viewing a combination screen, press **MENU,** and select **Change Combination.**
2. Select **Num Functions** to change the number of combination screens (1-3). Select Layout to switch to a horizontal or vertical layout. Select **Data Bar** to toggle the data bar on or off. Select a combination screen button to select the screens to view. (When you select the combination screens to view, you will only be able to select from the options available to your chartplotter.)
3. Select **Done**.
